Tires for Life

SeasonXVAN TA702

All Season Van Tire

SeasonXVAN TA702

All Season Van Tire

- All-season light truck tire for excellent grip and snow traction
- Excellent dry and wet handling , Outstanding mobility performance on snow
- Low noise pattern design, low carbon and fuel saving, meet the requirements of EU labeling law

3D curve pattern design with high density siping and circumferential serrated grooves

Delivers improved wet traction and cornering stability in both wet and snow conditions
Resulting in improved handling and braking capabilities in all conditions

High-density continuous center blocks

Deliver tread stability and enhanced tire footprint
Resulting in high level of wear resistance for improved mileage

Optimized groove design featuring circumferential grooves

Delivers rapid water drainage and enhanced grip on snow
Resulting in exceptional braking in wet and snow, and enhanced snow traction

Stair step shoulder design

As the tread wears, the actual ground contact width increases
Ensuring full life-cycle grip performance

Lateral groove with rib design

Delivers tire dynamic contact ground rigidity when straight line driving
Improved straight driving performance

Multi-functionalized rubber mixing with high reinforcing filler formula with special low-temperature enhanced compounding

Delivers a closer combination between rubber and filler molecules driving superior wet and snow traction
Resulting in enhance braking performance in all conditions and seasons and comfortable driving experience
